

BIOACTIVATOR

ENZYMATIC BIOLOGICAL ACTIVATOR

- Effective in eliminating fats
- Prevents damage to pipes and foul odours
- Excellent for the agricultural and food industry and food service industry

Created to be used inside pipes leading to septic tanks and for managing waste water. Effective against proteins, starches, fats and cellulose. Suitable for the agricultural and food industries (HACCP).

HOW TO USE

It must be dosed before being added to the waste water management system in order to get better maintenance and cleaning of the pipes and for good operation of the septic tank. Use a timed dosing system to get better dilution.

DILUTION

First 2-3 weeks 50-100 ml per m³ of water. maintenance 30-60 ml per m³ of water.
