Cloth for glossy surfaces - It wipes without smearing - Ideal for glasses - Weight 200 gr/sqm

APPLICATIONS

Manual use for the cleaning of interior windows, mirrors, stainless steel surfaces and all the glossy surfaces whose cleaning can be done without the use of tools.

FEATURES

- High performance thanks to the excellent cleaning action of the ultra-microfiber cloth
- Together with an alcohol-based chemical product, it cleans brightly with one wipe and without drying operations
- It dries without leaving haze
- The cloth can be used on both sides: the rough side gives better results in cleaning and thanks to this cloth the surfaces are brighter

MATERIAL

Yarn: microfiber (80% polyester - 20% polyamide) - decitex = 0,138

ABSORBENCY

Twice its weight
