APPLICATIONS

Ideal for floor cleaning in small-medium environments, such as offices, cafés, bars, small shops and stores, etc...

FEATURES

- Easy to use, handy and light
- Fill in the tank with the cleaning solution and push the button to activate the flow of the cleaning solution directly on the floor
- Tank 500 ml that covers a 80 sqm cleaning area
- Patented system to close the filling cap. It guarantees an airtight seal that avoids any loss of cleaning solution in case of accidental fall of the handle
- Frame made of premium quality material, light, stainless and resistant to frequent use. Plastic corner bumpers protect walls and furniture. Its articulated joint allows a 360° performance
- The mop holder strips can be easily replaced and guarantee a total adherence of the mop holder to the mop for better cleaning results
- The microfiber cloth cleaning action and the long life cycle guarantee optimal savings, keeping high cleaning standards
- The high absorbency due to its capillary action guarantees a great floor covering, a fast floor drying and less stains
- The shock-absorbing border guarantees a better protection for baseboards and walls
- Autoclavable dosing jug, resistant to temperatures from -10 to + 120° C. Very sturdy with drip spout. Capacity 500 ml
