

# ONDAKLOR

## OXIDISING CHLORINE DISINFECTANT\* WITH CLEANING ACTION FOR CLEANING AND DISINFECTING FLOORS AND WASHABLE SURFACES

- EN Tests\*: 1276, 1650, 13624, 13697, 13727, 14476
- Can be used for all washable surfaces

ONDAKLOR is suitable for disinfecting and cleaning washable surfaces (floors, walls, countertops, sanitary fixtures).

**COMPOSITION:** 100g of product contains: Sodium hypochlorite 4.0 g. Co-formulants: sequestrant agents, sodium hydroxide, amphoteric surface-active agents, anionic surface-active agents and water q.s. to 100g. **COMPOSITION (Reg. 648/2004/EC):** chlorine-based bleaching agents, anionic surfactants, polycarboxylates, amphoteric surfactants <5%. Contains: Disinfectants.

In compliance with the following EN Tests standards\*: 1276, 1650, 13624, 13697, 13727, 14476.

### HOW TO USE

As bactericide and fungicide with oxidising chlorine cleaning action in aqueous solution at a concentration of 3% in weight, leaving to act (in contact) for at least 15 minutes, then rinse with drinking water if required.

As simple oxidising chlorine cleaner in aqueous solution at a concentration of 1-3% in weight.

For tough dirt or in-depth cleaning in aqueous solution at a concentration of 5% in weight.

### DILUTION

1% - 5% (100 ml - 500 ml in 10 L).

### NOTES

The product must not come into direct or indirect contact with food products. When disinfecting surfaces in direct contact with food, rinse with drinking water. Do not re-use the container when the product is finished. Store in a cool place. Do not use on wood, cork, fabric and materials in general not resistant to chlorine. Do not use pure on floors with a protective wax finish, or on delicate surfaces such as linoleum, aluminium, etc. Before using the product on waxed floors, verify the resistance of the layer of wax. Do not swallow. Before use, please always refer to the Technical Data Sheet and the Safety Data Sheet, with the exposure scenario, of the product. Use the PPE specified in the Safety Data Sheet.

For further information about the EN Tests & Effectiveness Conditions, please check the "Test and Conditions" Annex.

**Only for professional use. Safety data sheet available on request.**

\*Regulatory requirements surrounding the biocidal registration may vary according to each Country.
